

Harbour City 1 - 2 Northbridge Athletic

Lumen League. Synthetic match pressing-collapse, scenario pressing-collapse. Report built 2026-10-06.

At a glance

- **Result.** Harbour 1 - 2 Northbridge. Shots 12 to 10, expected goals 0.52 to 1.46.
- **Biggest swing.** The goal at 22' moved the odds by 40 points.
- **Player of the match.** Callum Roweov (Northbridge, ST) by possession value, +0.85.
- **Harbour** played a 4-3-3; it spent most of the match in settled attack (44% of the time).
- **Northbridge** played a 4-2-3-1; it spent most of the match in press (32% of the time).

The match in the system's words

Northbridge beat Harbour 2-1. Possession Harbour 63%, Northbridge 37%. Shots 12 to 10. xG 0.5 to 1.5. Pass accuracy 82% to 75%. Turning point: Northbridge have stopped pressing. Biggest swing: Northbridge's goal at 22' took their win probability from 54% to 93%. Player of the match: Callum Roweov (Northbridge), goals 1, assists 1, shots 7.

How to read this report

Each part opens with a line in italics saying what the numbers measure, then shows what this match produced. Part 1 tells the story; part 2 shows how each team's shape changed with and without the ball; part 3 explains every position and who played it; part 4 goes through the analytics views one by one; part 5 lists every player; part 6 compares all nine formations; part 7 says how far to trust each number.

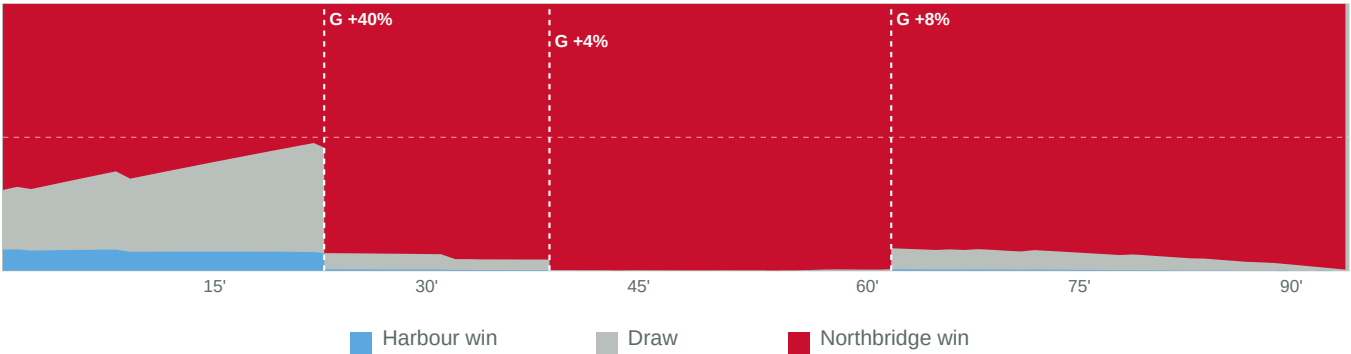

Contents

4. The analytics, view by view	8
5. Every player	15
6. All nine formations compared	16
7. What to trust	17

1. The story of the match

Win probability

The chance each result is the right one, minute by minute, from the score, the time left, the expected goals so far and any sending-off. A goal moves it by the width of the step.

Before kick-off the model gave Harbour 8%, a draw 22% and Northbridge 70%. At full time: 0%, 0%, 100%.

What moved the odds

Minute	Event	Harbour	Draw	Northbridge
22'	Goal	7% to 1%	40% to 6%	54% to 93%
38'	Goal	0% to 0%	4% to 0%	96% to 100%
61'	Goal	0% to 1%	1% to 8%	99% to 92%

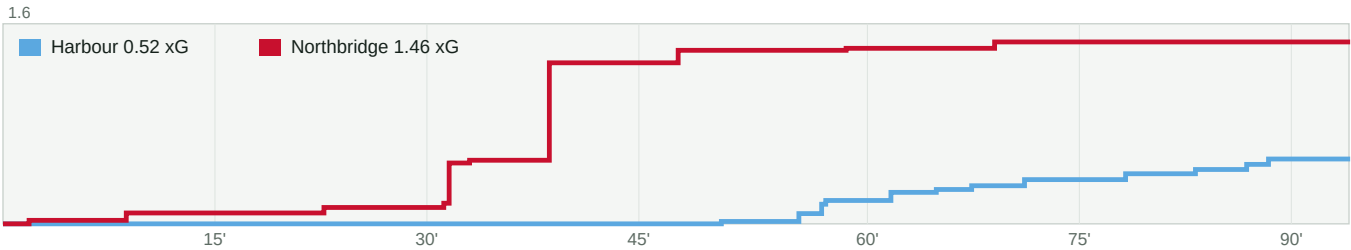

Key moments

The moments the system judged worth telling, with the reason and what it means. Salience is how much a moment deserves attention (0 to 1).

Minute	Moment	Team	Why it matters
22'	Goal	Northbridge	Kofi Ivarham scores. It's Harbour 0-1 Northbridge. Callum Roweov set it up.
38'	Penalty	Harbour	Declan Ossisen fouls Callum Roweov in the box; Northbridge have a penalty.
38'	Goal	Northbridge	Callum Roweov scores from the spot. It's Harbour 0-2 Northbridge.
61'	Goal	Harbour	Dani Lorenard scores. It's Harbour 1-2 Northbridge. Mateo Calelham set it up.
62'	Pressure collapse	Northbridge	Northbridge can't keep the press going, so Harbour now have more time on the ball.
71'	Chaos flip		Play has become scrappy, with the ball changing hands far more often.
75'	Fatigue drop	Northbridge	

Expected goals through the match

Cumulative expected goals for each team; steps are shots.

2. Tactics: the same team with and without the ball

A formation is not one shape. Teams change shape with the ball, and how they press and how they behave in the seconds after winning or losing it depends on the shape they start from. Each team below is shown in six shapes: its nominal formation and the five working phases. The drawings are schematics, attacking left to right.

Harbour City: 4-3-3

Front three, one pivot, two eights.

Nominal

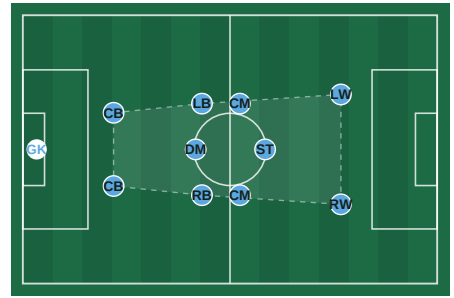

nominal

Build-up

4-1-2-3

Settled attack

2-3-5

Press

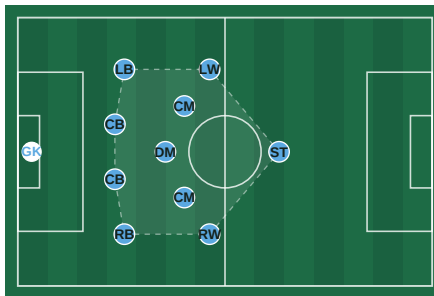

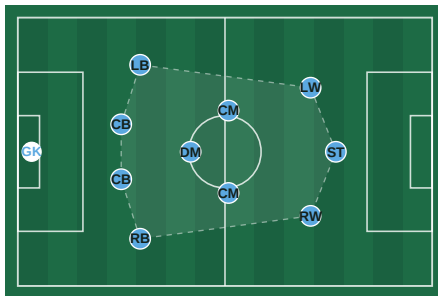

4-3-3

Mid block

4-5-1

Low block

compact

Rest defence. While the team attacks, CB CB DM stay behind the ball as cover against a counter.

Time in each phase

Phase	Share	Entered	Line height	Length	Width	What usually sets it off
Build-up	15%	54	15 m	32 m	39 m	ball in the own third (52), just lost the ball (counter-press) (1)
Settled attack	44%	114	39 m	42 m	37 m	ball moved on from the own third (107), just lost the ball (counter-press) (4)
Press	36%	100	32 m	40 m	39 m	just lost the ball (counter-press) (56), the ball entered the press zone (37)
Mid block	5%	27	51 m	39 m	41 m	the ball is beyond the press line (27)
Low block	0%	0	n/a	n/a	n/a	n/a

Line height is the average distance of the four deepest outfield players from their own goal, length the distance between the deepest and highest outfield player, width the distance between the widest two. Each is averaged over the time the team spent in that phase.

Designed against measured. Designed: 4-5-1 out of possession, 2-3-5 in possession. Measured from the average positions: 4-3-3 out of possession, 2-3-5 in possession.

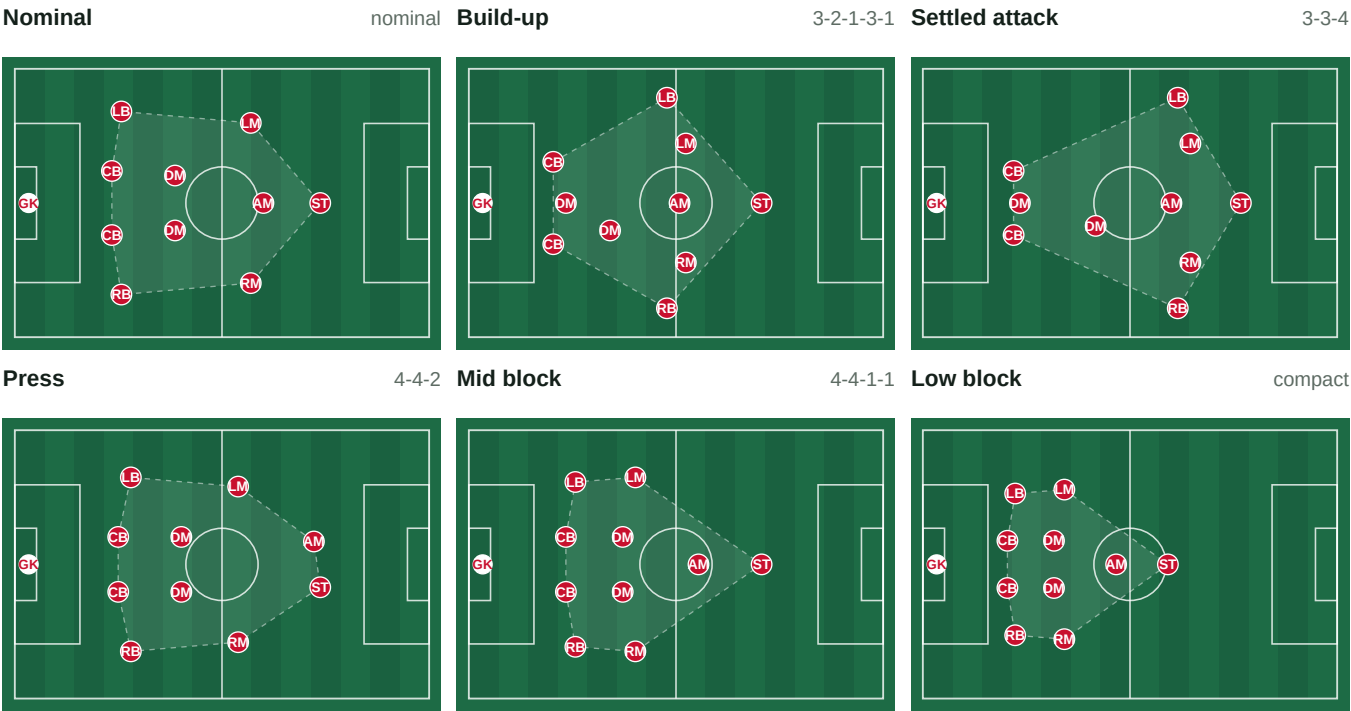

How the club plays it

Tactic	Setting	What it means
Press scheme	zonal	presses by zone: it holds a shape and closes the ball down when it enters the zone
On loss	counterpress	counter-presses: it swarms the ball for about five seconds after losing it
On win	keep	keeps its shape and builds after winning the ball
Build up	short	builds short from the goalkeeper
Fullbacks	inverted	fullbacks are inverted: they step inside next to the pivot to build
Pivot	stay	the pivot stays in midfield
Striker	false9	a false nine who drops into midfield, with the wingers running in behind
Corners	short	plays short corners
Corner defence	zonal	defends corners by zone

Style dials (0 to 1): press intensity 0.80, press height 0.80, line height 0.80, width 0.70, tempo 0.65, directness 0.25, counter bias 0.30.

Northbridge Athletic: 4-2-3-1

Double pivot, a ten behind one striker.

Rest defence. While the team attacks, CB CB DM DM stay behind the ball as cover against a counter.

Time in each phase

Phase	Share	Entered	Line height	Length	Width	What usually sets it off
Build-up	9%	41	15 m	35 m	54 m	ball in the own third (41)
Settled attack	29%	88	38 m	45 m	56 m	ball moved on from the own third (78), just lost the ball (counter-press) (7)
Press	32%	94	36 m	33 m	37 m	just lost the ball (counter-press) (60), the ball entered the press zone (20)
Mid block	13%	53	32 m	32 m	39 m	the ball is beyond the press line (51), the ball entered the press zone (1)
Low block	17%	41	12 m	29 m	32 m	a deep line: the ball is near the own goal (30), protecting a lead late on (11)

Line height is the average distance of the four deepest outfield players from their own goal, length the distance between the deepest and highest outfield player, width the distance between the widest two. Each is averaged over the time the team spent in that phase.

Designed against measured. Designed: 4-4-1-1 out of possession, 3-3-4 in possession. Measured from the average positions: 4-2-3-1 out of possession, 3-3-4 in possession.

How the club plays it

Tactic	Setting	What it means
Press scheme	wide_trap	presses with a trap: it closes from the inside to steer the ball to the touchline, then jumps on it with one more player
On loss	counterpress	counter-presses: it swarms the ball for about five seconds after losing it
On win	counter	breaks at once after winning the ball
Build up	mixed	mixes short and long from the goalkeeper
Fullbacks	overlap	fullbacks overlap: they run past the winger on the outside
Pivot	drop	the pivot drops between the centre-backs to make a back three
Striker	target	a target nine who stays on the last line
Corners	near	targets the near post at corners
Corner defence	man	defends corners man for man

Style dials (0 to 1): press intensity 0.85, press height 0.70, line height 0.60, width 0.55, tempo 0.75, directness 0.60, counter bias 0.80.

The five phases

Build-up. The team has the ball in its own third. The centre-backs split, the pivot drops, the fullbacks and forwards hold their width and the team tries to play out under pressure.

Settled attack. The ball is past the first phase. Fullbacks and wing-backs push on, wide players come inside, and the team sets up for the final third while a few players stay back as cover against a counter.

Press. The other team has the ball in the zone where this team is willing to press. The front line steps up and angles its runs to cut passing lanes; the rest of the team squeezes up behind.

Mid block. The team defends in a compact shape with the ball beyond its press line. It keeps its lines close and waits for the pass that triggers the press.

Low block. The team defends deep: the ball is in its own third, or it is protecting a lead late on. Short, narrow and close to goal, it gives up possession to protect the box.

3. Every position, and who played it

For each of the eleven places in the team: the job in general, what this club asks of it, and the numbers of the player who filled it. Value is possession value: the change in the chance of scoring minus the chance of conceding that the player's actions created.

Harbour City: 4-3-3

Position	Player	In possession	Out of possession
GK Goalkeeper	Adrian Norarado #31 10/13 passes, value +0.73	Starts attacks with short or long distribution and acts as an extra passer against a press; on a high line also sweeps up behind it.	Stops shots, claims crosses and organises the back line.
LB Left back	Declan Ossisen #18 95 min, 33/35 passes, 1 tackles, 4 interceptions, 13 pressures, value +0.10, 12.6 km	Pushes up to overlap the winger, or tucks inside as an extra midfielder, depending on the club's style. This club: Inverted: steps inside next to the pivot when the team builds.	Defends the left channel, tracks the opposing winger and closes down crosses.
CB Centre-back	Theo Ossez #25 84 min, 9/9 passes, 1 tackles, 1 interceptions, 15 pressures, value +0.91, 10.7 km	Splits wide to build, plays the first pass out of defence and steps into midfield when space opens; stays back as cover against the counter.	Marks the main striker, defends the box and the space behind, and sets the height of the defensive line.
CB Centre-back	Kofi Ivarez #4 70 min, 10/11 passes, 2 tackles, 2 interceptions, 15 pressures, value +0.29, 8.9 km	Splits wide to build, plays the first pass out of defence and steps into midfield when space opens; stays back as cover against the counter.	Marks the main striker, defends the box and the space behind, and sets the height of the defensive line.
RB Right back	Elias Joranford #2 95 min, 41/44 passes, 4 interceptions, 20 pressures, value +0.06, 12.5 km	Pushes up to overlap the winger, or tucks inside as an extra midfielder, depending on the club's style. This club: Inverted: steps inside next to the pivot when the team builds.	Defends the right channel, tracks the opposing winger and closes down crosses.
DM Holding midfielder (the pivot)	Karim Olberg #14 95 min, 31/34 passes, 5 tackles, 3 interceptions, 21 pressures, value +0.05, 12.5 km	Offers the first line-breaking pass and links defence with midfield; may drop between the centre-backs to make a back three.	Screens the back line, blocks the central lanes and wins second balls.
CM Central midfielder	Adrian Yararsen #20 95 min, 65/71 passes, 2 tackles, 3 interceptions, 22 pressures, value +0.16, 13.3 km	Links play between the lines, supports the wide players and runs beyond the striker.	Covers the half-space, presses the ball carrier and tracks the runners coming from midfield.
CM Central midfielder	Alex Laniell #8 95 min, 56/69 passes, 2 tackles, 1 interceptions, 10 pressures, value +0.02, 12.7 km	Links play between the lines, supports the wide players and runs beyond the striker.	Covers the half-space, presses the ball carrier and tracks the runners coming from midfield.
LW Left winger	Theo Lanez #17 73 min, 68/89 passes, 15 pressures, value +0.17, 10.3 km	Stays wide to stretch the back line, or cuts inside to shoot; attacks the space behind when the nine drops.	Presses the fullback, curving the run to cut the pass inside; drops to the midfield line in a 4-5-1.
ST Striker	Mateo Calelham #23 72 min, 60/77 passes, 1 assists, 1 tackles, 7 pressures, value +0.07, 10.0 km	Pins the centre-backs and finishes; as a false nine drops into midfield to link play. This club: Drops off the last line into midfield; the wingers run in behind.	Leads the press: closes the centre-backs and cuts the pass to the pivot.
RW Right winger	Dani Lorenard #7 95 min, 102/133 passes, 1 goals, 1 tackles, 1 interceptions, 15 pressures, value +0.31, 12.9 km	Stays wide to stretch the back line, or cuts inside to shoot; attacks the space behind when the nine drops.	Presses the fullback, curving the run to cut the pass inside; drops to the midfield line in a 4-5-1.

Northbridge Athletic: 4-2-3-1

Position	Player	In possession	Out of possession
GK Goalkeeper	Mateo Landal #1 13/18 passes, value +0.79	Starts attacks with short or long distribution and acts as an extra passer against a press; on a high line also sweeps up behind it.	Stops shots, claims crosses and organises the back line.
LB Left back	Zane Jorenton #3 95 min, 23/32 passes, 1 tackles, 2 interceptions, 3 pressures, value +0.09, 12.8 km	Pushes up to overlap the winger, or tucks inside as an extra midfielder, depending on the club's style. This club: Overlaps: runs past the winger on the outside.	Defends the left channel, tracks the opposing winger and closes down crosses.
CB Centre-back	Ayo Lanton #5 95 min, 12/18 passes, 2 interceptions, 2 pressures, value +0.12, 12.2 km	Splits wide to build, plays the first pass out of defence and steps into midfield when space opens; stays back as cover against the counter.	Marks the main striker, defends the box and the space behind, and sets the height of the defensive line.
CB Centre-back	Yusuf Fenadski #4 95 min, 11/13 passes, 1 tackles, 2 interceptions, 1 pressures, value +0.13, 12.1 km	Splits wide to build, plays the first pass out of defence and steps into midfield when space opens; stays back as cover against the counter.	Marks the main striker, defends the box and the space behind, and sets the height of the defensive line.
RB Right back	Omar Pelwick #2 95 min, 29/33 passes, 1 interceptions, 10 pressures, value +0.08, 12.8 km	Pushes up to overlap the winger, or tucks inside as an extra midfielder, depending on the club's style. This club: Overlaps: runs past the winger on the outside.	Defends the right channel, tracks the opposing winger and closes down crosses.
DM Holding midfielder (the pivot)	Elias Pranelell #6 95 min, 15/21 passes, 3 tackles, 1 interceptions, 8 pressures, value +0.09, 12.9 km	Offers the first line-breaking pass and links defence with midfield; may drop between the centre-backs to make a back three. This club: Drops between the centre-backs to build from the back.	Screens the back line, blocks the central lanes and wins second balls.
DM Holding midfielder (the pivot)	Elias Jorford #14 95 min, 13/21 passes, 5 interceptions, 15 pressures, value -0.04, 12.3 km	Offers the first line-breaking pass and links defence with midfield; may drop between the centre-backs to make a back three. This club: Drops between the centre-backs to build from the back.	Screens the back line, blocks the central lanes and wins second balls.
LM Left midfielder	Eren Belez #20 listed CM, plays LM 95 min, 36/56 passes, 5 interceptions, 19 pressures, value +0.01, 13.9 km	Holds the left touchline or tucks inside, supporting the fullback. This club: In the press, closes from the inside to push the carrier toward the touchline.	Forms the wide part of the midfield bank and tracks back.
AM Attacking midfielder (the ten)	Kofi Ivarham #21 62 min, 47/66 passes, 1 goals, 11 pressures, value +0.54, 9.8 km	Finds pockets between the opposition lines and creates for the forwards. This club: In the press, closes from the inside to push the carrier toward the touchline.	Steps up beside the striker to press (a 4-2-3-1 presses as a 4-4-2) or marks the opposing pivot.
RM Right midfielder	Ilya Vasado #19 listed RW, plays RM 85 min, 61/81 passes, 1 interceptions, 13 pressures, value +0.05, 12.8 km	Holds the right touchline or tucks inside, supporting the fullback. This club: In the press, closes from the inside to push the carrier toward the touchline.	Forms the wide part of the midfield bank and tracks back.
ST Striker	Callum Roweov #23 77 min, 55/64 passes, 1 goals, 1 assists, 1 interceptions, 25 pressures, value +0.85, 11.9 km	Pins the centre-backs and finishes; as a false nine drops into midfield to link play. This club: In the press, closes from the inside to push the carrier toward the touchline.	Leads the press: closes the centre-backs and cuts the pass to the pivot.

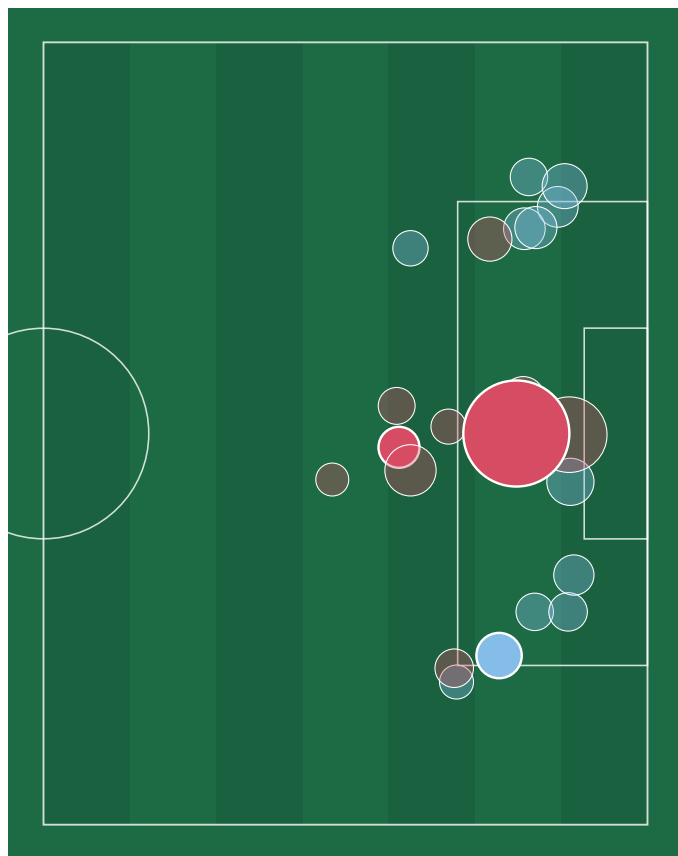

4. The analytics, view by view

Shots and expected goals

Every shot, sized by expected goals (xG: the chance a shot of that kind, from there, becomes a goal). Post-shot xG (xGOT) also uses where in the goal mouth it went, so it separates a good finish from a good chance.

	Harbour	Northbridge
Shots	12	10
On target	4	5
Goals	1	2
Expected goals (xG)	0.52	1.46
Post-shot xG (xGOT)	0.60	2.54
Big chances	0	2

The best chance was Callum Roweov's (Northbridge, 38'), worth 0.78 xG and scored.

Shot map: both teams are drawn attacking the right-hand goal. Bigger circle, bigger chance; a solid circle is a goal (3 in this match).

Possession value: the actions that mattered

Possession value gives every pass, carry and shot a score: the change in the chance the team scores minus the chance it concedes within the next few actions. It finds the actions that mattered, including ones that never become an assist.

Minute	Player	Team	Action	Value
39'	Theo Ossez	Harbour	pass	+0.941
38'	Callum Roweov	Northbridge	shot	+0.890
71'	Mateo Landal	Northbridge	save	+0.242
71'	Theo Lanez	Harbour	shot	+0.231
23'	Mateo Calelham	Harbour	pass	+0.230
31'	Kofi Ivarez	Harbour	block	+0.230

Most valuable players: Theo Ossez (+0.91), Callum Roweov (+0.85), Mateo Landal (+0.79), Adrian Norarado (+0.73), Kofi Ivarham (+0.54).

Space and pitch control

Pitch control is who would reach each part of the pitch first, from where the players are standing. Control share is the share of the pitch a team controls; the block area is the size of the shape its ten outfield players make while defending.

	Harbour	Northbridge
Pitch control share	55%	45%
Final-third control	21%	15%
Defensive block area (m2)	1087	940
Space behind the line (m2)	128	78

Packing and line-breaking passes

Packing counts the opponents a forward pass takes out of the game; a line-breaking pass goes through a defensive line rather than around it.

	Harbour	Northbridge
Completed forward passes counted	544	342
Opponents bypassed (packing)	903	629
Passes through a line	177	134
Passes through all three lines	0	2

The most damaging pass: Elias Pranelell to Callum Roweov at 3' took 9 opponents out of the game and broke 3 lines.

Passing networks

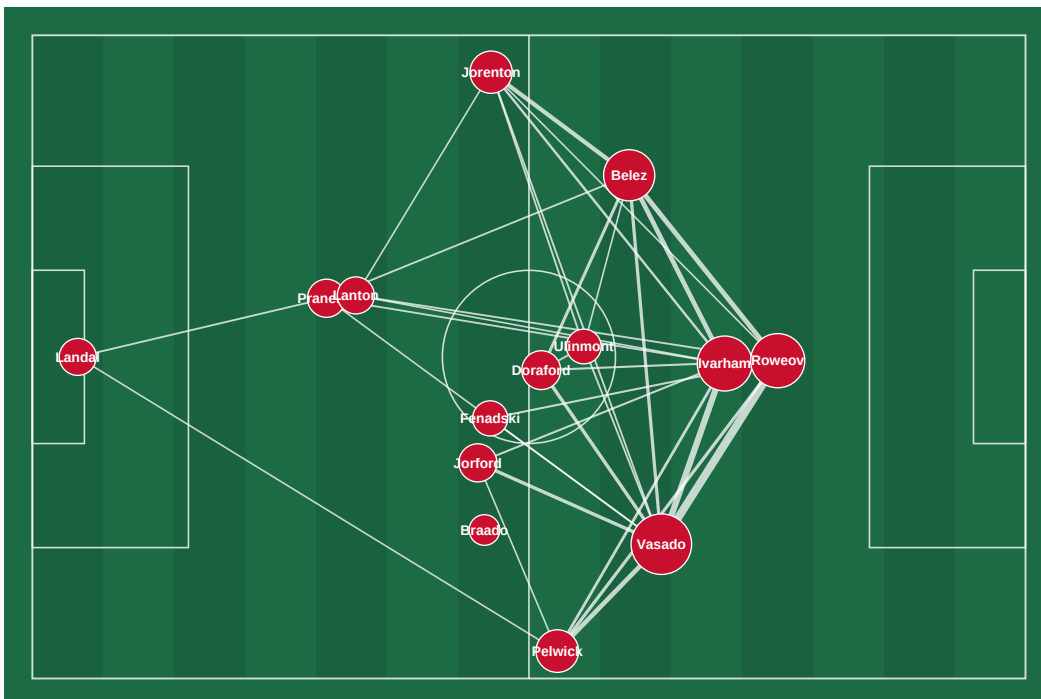

Each player sits at the average place he passed from; a line joins two players for each completed pass between them, and thicker means more.

Harbour City

544 completed passes, average length 20.5 m, average position 45 m from the own goal. The strongest link is Dani Lorenard and Alex Laniell (44 passes).

Northbridge Athletic

342 completed passes, average length 20.0 m, average position 51 m from the own goal. The strongest link is Ilya Vasado and Callum Roweov (35 passes).

Off-ball runs

Off-ball runs seen in the tracking: running in behind the defence, an overlap by a fullback, and a forward dropping into midfield. 'Ball played' says whether the run was found.

Run	Harbour	Northbridge
In behind	4 (0 found)	18 (6 found)
Overlap	0 (0 found)	4 (0 found)
Drop into midfield	53 (11 found)	30 (6 found)

Physical load

Distance covered, high-speed running (above 19.8 km/h), sprint distance (above 25 km/h) and accelerations. The fatigue index compares high-speed running in the last half hour with the first fifteen minutes.

Player	Team	Distance km	High speed m	Sprint m	Accelerations
Ilya Vasado	Northbridge	12.8	2321	192	194
Eren Belez	Northbridge	13.9	2294	116	190
Callum Roweov	Northbridge	11.9	2010	318	236
Kofi Ivarham	Northbridge	9.8	1698	128	192
Elias Pranelell	Northbridge	12.9	886	250	122

Transitions and pressing

What happens in the seconds after the ball changes hands: how often the team wins it straight back (counter-press), turns the ball over high up the pitch, and breaks quickly for a shot.

	Harbour	Northbridge
Possessions lost	74	67
Won back within 5 s	19	14
Counter-press success	26%	21%
High turnovers	5	2
Shots from high turnovers	0	0
Fast breaks	2	2
Fast-break xG	0.11	0.15

PPDA is passes the opponent makes per defensive action of the pressing team, so a lower number means a harder press. It is shown by zone of the pitch, with what set each press off.

	Harbour	Northbridge
Pressures	160	113
PPDA, opponent's third	24.0	25.0
PPDA, middle third	14.8	25.8
PPDA, own third	6.6	11.8
Press set off by a back pass	12%	34%
Press set off by a poor pass	21%	14%
Press set off by something else	68%	52%

Set pieces

Shots and expected goals that come from each kind of corner, free kick and goal kick, and how the team defends corners.

Team	Kind	Routine	Taken	Shots	xG	Goals
Harbour	goal kick	long	3	0	0.00	0
Harbour	goal kick	short	8	0	0.00	0
Harbour	corner	edge	1	0	0.00	0
Harbour	corner	short	4	1	0.03	0
Harbour	corner	far	4	1	0.08	0
Northbridge	corner	far	2	0	0.00	0
Northbridge	corner	near	5	2	0.38	0
Northbridge	corner	short	1	0	0.00	0
Northbridge	corner	edge	2	1	0.03	0
Northbridge	free kick	direct	3	2	0.04	0
Northbridge	free kick	cross	1	0	0.00	0
Northbridge	goal kick	short	10	0	0.00	0
Northbridge	goal kick	long	6	0	0.00	0

Corner defence: Harbour zonal, Northbridge man.

Goalkeepers

Goals prevented is the post-shot xG a keeper faced minus the goals he conceded: above zero means he saved more than an average keeper would.

Keeper	Faced	Saves	Conceded	xGOT faced	Prevented	Claims	Pass %
Adrian Norarado (Harbour)	10	3	2	2.54	+0.54	0	77%
Mateo Landal (Northbridge)	12	3	1	0.60	-0.40	0	72%

Season context and prediction

The league's simulated history: where each club stands, its form, and a Poisson-model prediction of the result from each side's expected goals for and against.

Pos	Club	P	W	D	L	GF	GA	GD	Pts	Form
1	Harbour City	4	2	2	0	2	0	+2	8	LD W W D
2	Northbridge Athletic	4	2	1	1	11	5	+6	7	W DL W W
3	SAL	4	2	1	1	4	5	-1	7	
4	KES	4	1	1	2	7	7	+0	4	
5	RED	4	1	1	2	7	14	-7	4	
6	ALD	4	1	0	3	8	8	+0	3	

Before the match the model gave Harbour 8%, a draw 26% and Northbridge 66%, with expected goals 0.33 to 1.45. The likeliest scores were 0-1 (24%), 0-2 (18%), 0-0 (17%).

Earlier meetings: Harbour 0-2 Northbridge (round 5); Northbridge 2-0 Harbour (round 10).

5. Every player

Impact combines possession value with goals and assists. Packing and line breaks count forward passes that took opponents out of the game; xG and xA are expected goals and expected assists from the player's shots and key passes.

Harbour City

Player	Pos	Min	Pass	G	A	xG	xA	Tkl	Int	Press	Pack	Value	Km

6. All nine formations compared

How the formations the simulator knows differ in each phase. Numbers read from the deepest line to the front; the last column lists who stays back as cover when the team attacks. The two formations played in this match are in bold.

Formation	Idea	Build-up	Attack	Press	Block	Rest defence
3-4-2-1	back three, two tens in the half-spaces	3-4-2-1	3-2-4-1	3-4-2-1	5-4-1	CB CB CB
3-4-3	back three, wing-backs, a front three	3-4-3	3-2-5	3-4-3	5-4-1	CB CB CB
3-5-2	three centre-backs, wing-backs, two strikers	3-1-4-2	3-3-4	3-5-2	5-3-2	CB CB CB DM
4-1-4-1	a lone holding midfielder screening the back four	4-1-4-1	2-3-5	4-1-4-1	4-5-1	CB CB DM
4-2-3-1	double pivot, a ten behind one striker	4-2-3-1	2-4-4	4-4-2	4-4-1-1	CB CB DM DM
4-3-1-2	a midfield diamond and two strikers	4-1-2-1-2	2-3-3-2	4-3-1-2	4-3-1-2	CB CB DM
4-3-3	front three, one pivot, two eights	4-1-2-3	2-3-5	4-3-3	4-5-1	CB CB DM
4-4-2	two banks of four, a strike pair	4-4-2	2-4-4	4-4-2	4-4-2	CB CB
5-3-2	a back five and a counter-attacking pair	3-1-4-2	3-3-4	5-3-2	5-3-2	CB CB CB DM

Club tags change these shapes: a lone pivot that drops makes the build-up a back three, inverted fullbacks narrow it, a false nine drops the front line into midfield, and a back-three side presses and defends with its wing-backs dropping in.

Press schemes and transitions

- **Press scheme: zonal.** The team presses by zone: it holds a shape and closes the ball down when it enters the zone.
- **Press scheme: wide_trap.** The team presses with a trap: it closes from the inside to steer the ball to the touchline, then jumps on it with one more player.
- **Press scheme: man.** The team presses man for man: each player picks up a nearby opponent as well as pressing the ball.
- **On loss: counterpress.** The team counter-presses: it swarms the ball for about five seconds after losing it.
- **On loss: regroup.** The team regroups: it contains for two seconds, then drops back into shape.
- **On win: counter.** The team breaks at once after winning the ball.
- **On win: keep.** The team keeps its shape and builds after winning the ball.

7. What to trust

- All data is synthetic: the league, clubs, crests and players are fictional, and the matches are simulated at 5 Hz.
- Numbers are computed by code from events and tracking; no number in this report was written or estimated by a language model.
- Win probability, possession value and post-shot xG are fitted on simulated matches, so the ranking of actions and players is meaningful but the absolute values belong to the simulator, not to real football.
- Pitch control uses a simplified time-to-reach model (7 m/s, no velocity or ball), so read it as 'who is closer', not as a physical prediction.
- Shapes drawn in the tactics section are schematics: depth is an ordering between a team's back and front lines, not a measurement. The measured line height, length and width are averages over the time the team spent in each phase.
- Formations measured from tracking agree with the designed back-line count in about 85% of cases and with the exact label in about 39%; treat the measured label as 'what the average positions say'.

The win-probability model

Goals follow a Poisson process at a league rate of 0.0145 per team-minute over 95.8 minutes, blended with the match's own expected goals as if the prior were 30 minutes of evidence. A red card multiplies the ten-man side's scoring rate by 0.78 and the other side's by 1.22; those two are priors, not fitted. Penalties count as goals but not as expected-goals evidence.

Where the numbers come from

Events and tracking come from the 5 Hz simulator (or any feed in the same format). Code derives every metric; the report is assembled from the replay package and contains no model-written text. The same package drives the match center, the MCP tools and the on-screen graphics, so a number here matches the number there.
